Gutter Renovation

Description:

Solventfree, odourfree, ready to use and self levelling coating based on flexible hybrid polymers.

Use:

• Repairing leaking roof gutters made of all commonly used materials in a sustainable way.

• Protecting roof gutters against corrosion, acidic rain, UV rays and other environmental influences.

Sizing and palletization:

Metal tin of 2,5L (item number 02400902)

Storage:

12 months in the hermetically sealed packaging, when stored in a dry, cool and frost-free place.

Keep the edges of the tin clean.

When closing the tin, place the lid and the lever lock ring in the correct way and remove any product that might remain on the tin.

Once opened, use the product within 1 month. A skin will form on top of the product that needs to be cut out and can't be mixed to the liquid product.
